between two teams using an API which will be stored in the database as well as each team, bet amount, and new amount.

- ○ **Role**: Backend collaboration and front end designer
- ○ **Tools**: HTML/CSS, JavaScript, jQuery, Express, Handlebars, Axios, Dotenv, SQL, Sequelize, MySQLWorkBench, Heroku, JawsDB, API

Education

University of North Carolina at Charlotte
Full Stack Web Development (Certificate)
October 2020 - April 2021 Charlotte, NC

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, jQuery, Bootstrap, Firebase, Node Js, MongoDB, Express, Handlebars.js & ReactJS.

University of North Carolina at Wilmington
Recreation Therapy (B.A.)
August 2009 - December 2013, Wilmington, NC

Trained to utilize recreation activities and other active treatment modalities to increase the functional abilities and quality of life of people of all ages with disabilities and illnesses. Work to address clients' adjustment to illness/disability and education for a new lifestyle.

Experience

The Three Monkeys
Bartender
November 2019 - March 2020, Manhattan, NY

Fast paced bar in Midtown Manhattan catering to large business Christmas/Staff parties. In charge of creating cocktails and catering to very diverse clientele enhancing my communication skills and networking.

Ulysses Folkhouse
Bartender
September 2017 - October 2019, Manhattan, NY

High volume Irish Pub in downtown Manhattan, effectively catering to the needs of high-end clientele in a very fast paced environment, building my skills to work very well under pressure and managing my time effectively.

Often responsible to 300+ patrons on an average night.

Bay Pines VA Hospital
Recreation Therapy Intern

Facilitated Veterans in the Mental Health 28-day inpatient and outpatient Substance Abuse Program as well as the 90 day Vocational Rehabilitation Program for veterans to adjust back to daily responsibilities before being discharged. Helped facilitate group activities to improve patients quality of life and help get them adjusted and ready to go back into the community. Responsible for writing notes on each patient after group sessions using proper and the appropriate medical terminology and codes.

Ability to use Computerized Patient Record System (CPRS) to chart patient notes on behavior, health, issues, etc.
